Forty-three years ago between San Francisco and San Jose the first long distance telephone line on the Pacific coast was constructed.

Today every city, town and hamlet has long distance service, and, more wonderful, long distance service with practically the whole United States.

The telephone directory gives full information as to rates and classes of service available.

Every Bell telephone is a Long Distance station.

Customers

The business man should realize that he is separated from his customers — old and new — by minutes, not miles.

In these days of strenuous competition the successful merchant must make the best use of his resources, and there is none more important than his long distance telephone service.

In the transaction of business the use of the long distance telephone will mean the prompt answer, the personal touch and an economy of time.

The Magic Carpet

At the telephone when you ask for "Long Distance" you are on the magic carpet of today. A wish expressed and your voice is where you desire to send it.

In this service distance is eliminated and inconvenience is avoided. The answer is prompt and time and money are saved.

For detailed information as to rates and classes of service available consult the telephone directory, or call the "Long Distance" operator.

"DADDY!"

When away from home remember the long distance telephone.

Do you realize the little effort required to assure those near and dear to you of your safety and comfort? The telephone in public pay station or hotel room—in fact, any telephone, anywhere—means that separation is measured by minutes, not miles.

Send the message of cheer and affection. You will be giving pleasure to others, which will be reflected in your own satisfaction.

Long distance telephone service is prompt, efficient and inexpensive.

"Long Distance"

Every Bell telephone is a long distance station from which it is possible to talk with any one of over a million telephones in California, Nevada, Oregon and Washington. In fact, not the boundaries of these states but those of the nation are now the boundaries of the service.

The service is prompt and efficient. The operators are courteous. The charges are reasonable. It can be made a time- and money-saving aid in business—a convenience and satisfaction in social relations.

For detailed information as to rates and classes of service available consult the telephone directory, or call the "Long Distance" operator.

AN INVESTMENT

Telephone directory advertising is an investment.

Like an account in the Savings Bank, your monthly payments draw interest—the interest of possible customers.

The constant repetition of your message, due to the continuous use of the telephone directory, will maintain an interest once it is created.

Carefully prepared copy will create this interest.

Can you afford not to try a medium which has proven of decided advantage to so many successful advertisers?

My X-Ray Photographic Reports revealing the exact cause of your sickness

Are You Sick?

No matter what is the matter with you, my X-RAY CHIROPRACTIC ADJUSTMENTS and Nature will soon make you well. You can be absolutely sure of regaining your health. I will furnish you free of all charges an X-Ray Photographic Report, showing the exact cause of your sickness. This report costs you absolutely nothing and it does not obligate you to take any adjustments. No method is used in this office except straight chiropractic adjustments. No medicine, no operations, no massages, no electricity, no violet rays.

Straight Chiropractic is the one and only method I use, because I know my CHIROPRACTIC ADJUSTMENTS will make you well, if anything can.

I do not accept cases, after the X-Ray report has been made out, unless I feel sure I can produce results. I am not a jack-of-all trades, just a master of one. I do not practice everything to get your money. I practice straight, unadulterated chiropracty to get you well.

Eye Trouble, Influenza, Numbness of arms, hands or shoulders; Asthma, Heart Trouble, Sleeplessness, Rheumatism, Bladder and Kidney Trouble, Gall Stones, Indigestion, Liver Trouble, Internal Ulcers and Abscesses, Constipation, Diabetes, Dropsy, Appendicitis, Tumors, Lumbago, Tired Feeling, Paralysis, Piles, Ovarian and Menstrual troubles, etc.

Twelve Years Actual Experience **Lady Nurse In Attendance**

HUMAN PROGRESS

We are a race of "Doers" of things. Evolution is perpetual.
The Healing arts are no exception.

> The self binder superseded the old fashioned cradle.
> The tallow candle made way for the electric light.
> The thresher marched in as the flail went out.
> Automobiles not ox carts are in fashion.

Chiropractic is a vast improvement over older health modes. Give nature a chance and get the help for YOUR health that you have so long unsuccessfully sought thru the old ways.

If some despondent soul to hope is stirred,
Some sad lip made to smile,
By any act of ours, or any word,
Then life has been worth while.

OUR CREDO

Not—how little, for how much,
But—how much, for how little.

Dr. W. E. Stiles

CHIROPRACTOR

WHY?

BECAUSE—He is a Palmer School Graduate (and that is recognized to be the best, largest and oldest Chiropractic School in the world, three year course).

BECAUSE—Dr. Stiles uses only straight Chiropractic, no Osteopathy, electricity, surgery or massage.

BECAUSE—Dr. Stiles has proven to thousands of his patients that unless the cause of disease is removed one cannot expect to be well.

BECAUSE—Dr. Stiles in his work is sure of the cause of your trouble by taking a (picture) X-Ray of your spine. You yourself, can see where the nerves are pinched.

BECAUSE—Dr. Stiles has been located in the central part of Oakland (Syndicate Bldg.) for over six years.

BECAUSE—Dr. Stiles is licensed by the State Medical Board to practice Chiropractic in the State.

He will tell you honestly whether he can or can not make you well

Oculists & Aurists

I Want Difficult Cases

Eye-strain, headaches, dull, aching, itching, smarting, watering eyes, blurred vision, floating specks, apparently stupid children, incorrigible children, CROSS-EYES, insomnia, neurasthenia, irritability, depression, dizzy spells, impaired memory and other nervous derangements, THAT DO NOT YIELD TO OCULISTS' METHODS OF TREATMENT. If you have not been relieved of your symptoms, or your glasses do not give perfect satisfaction, call on me. I treat the eye as a part of the nervous system—not as mere organs of sight—and correct many nervous disturbances, by equalizing the distribution of nerve force. I USE NO DRUGS OR DROPS TO EXAMINE THE EYES.

OHMER FARE REGISTER CO

Brown Cabs are Metered Cabs

accurate, speedy and comfortable--Oakland's best taxi service. Their Ohmer Fare Registers end each trip with a printed receipt. This O.k's every charge. It also identifies cab and driver, facilitating recovery of articles left behind, and commendation (or complaint) regarding service rendered.

Always get your receipt. It witnesses responsibility. It protects you, the Company, and the Driver.

These reliable "cash register" Brown Cabs are cheaper, too. They're at your door in five minutes, day or night, and charge only 30 cents for the first half mile, 10 cents for each added quarter mile and 20 cents per trip for each extra passenger. Or $2.50 per hour, if you prefer.

A FEW HINTS FOR ADVERTISERS

1. Make your advertising clear.
2. See that it contains something to interest those you desire to reach.
3. Your story should be brief and to the point.
4. Use clear type and sufficient space so that your message may be easily read.
5. Do not forget that blank space used to properly display your ad is sometimes of greater value than words.
6. If you use illustrations they should show something of interest in regard to the goods you are advertising.
7. In a large ad, especially in a newspaper, your firm name should appear both at the top and bottom of the ad.
8. Include your address in your ad. Do not take it for granted that every one knows where you are. Make it easy for strangers to find you.
9. Advertising is as vital to the expansion of your business as your salesmen and should be considered as part of your selling force.
10. When business is good it is poor policy to weaken your selling force by cutting down your advertising.
11. When business is quiet an advertising stimulant will often aid to revive it.
12. Spasmodic advertising will not produce satisfactory results.
13. Good advertising stimulates business.
14. Continuous good advertising wins.
15. Always remember that truth in advertising pays.
